

Antimicrobial Surface Protectant

CareShield

Benefits

- ✓ Surface & User Friendly
- ✓ Shields & Protects
For Up To 12 Months
- ✓ No Fragrance
- ✓ Best When Used With The
Electrostatic Spray Gun

Technology At Work

The technology penetrates the cell wall of each microbe and inhibits their ability to grow and reproduce.

The Science

CareShield is effective against a broad range of microorganisms including: C. Difficile spores, Hepatitis B, Norovirus and Canine parvovirus.

How it Works

When applied with a electrostatic sprayer CareShield will wrap the item in a 360 degree protective coating.

Full Integration

The technology is integrated during the manufacturing process and becomes part of the molecular structure of the product.
